Denver, CO / Remote | (773) 680-0108 | Savmor099@gmail.com | linkedin.com/in/savanna-morris-tech

PROFESSIONAL SUMMARY

Business Administration student specializing in global GTM strategy, product marketing, and AI communications. Experienced in supporting internal communications and data-driven marketing at a leading enterprise platform company. Skilled at translating technical concepts into compelling narratives and driving cross-functional initiatives.

EDUCATION & GLOBAL EXPERIENCE

Pepperdine University, Malibu, CA

Expected April 2027

Bachelor of Science in Business Administration; Minor in Songwriting | GPA: 3.6 | Dean's Honor List

International Programs (Study Abroad):

- Global Academic Cohorts (Italy, Japan, Argentina):** Selected for highly competitive international practicums analyzing global macro-economic policies, cross-cultural trade perspectives, and localized market indicators.

TECHNICAL SKILLS

Product & GTM Strategy: Messaging Frameworks, Market Research, Customer Segmentation, Product Positioning, Content Design.
Data & Analytics: Excel (Data Analysis & Visualization), Marketing Metrics, CTR Optimization, Dashboarding.
Enterprise Skills: Cross-Functional Collaboration, Executive Communication, Stakeholder Alignment, Public Speaking.
AI & Tools: Prompt Engineering, LLM Refinement, Claude, ChatGPT, AI-Assisted Research, Canva API Logic Testing

PROFESSIONAL EXPERIENCE

Cloudera INC | Marketing and Global Communications Analyst

June 2025 – August 2025

- Enterprise Software Strategy & Procurement:** Researched and proposed a critical software platform to senior leadership; engineered a GTM deployment framework presented directly to the CMO that secured global corporate adoption.
- Cross-Functional Vendor Management:** Orchestrated end-to-end B2B communications between 5+ executive stakeholders and external software vendor teams, optimizing procurement and accelerating cross-functional deployment.
- Vertical Product Positioning:** Formulated targeted GTM frameworks, competitor battlecards, and strategic software positioning for the Media & Entertainment vertical, unifying brand messaging across 2,800+ global employees.
- Data Analytics & Performance Optimization:** Designed a data-driven 5-point marketing matrix to optimize digital engagement and CTR, leveraging Excel dashboards and heat maps to guide executive campaign decisions.
- Corporate Communications & Digital Visibility:** Authored and published high-impact executive Q&As and a blog on Cloudera.com to amplify corporate culture and expand organic brand authority.

The Princeton Review | Campus Ambassador

August 2024 – January 2026

- Market Growth:** Partnered/networked with diverse campus groups to increase service awareness and identified 10+ top partnerships.
- Digital Marketing:** Created original video/graphic content via CapCut and Canva, driving a 30% increase in engagement via social media and presentations.

Argentina International Practicum | Global Strategy Consultant (Project)

- AI-Assisted Market Strategy & Expansion (IPO):** Utilized AI-driven market intelligence tools to develop a comprehensive IPO readiness strategy and cross-border expansion framework for a major South American food delivery platform; analyzed localized market indicators, competitive positioning, and macro-environmental risks to determine high-priority countries for geographic growth.

DataAnnotation | AI Specialist – Domain Strategy & Interfaces

April 2026 - Present

- AI System & Interface Design:** Authored highly precise, detailed system instructions to program specialized LLM interfaces capable of analyzing business case studies, corporate law frameworks, and complex go-to-market strategies.
- Advanced Prompt Engineering:** Developed complex prompt architectures and logic chains to stress-test model reasoning capabilities, integrating extensive topic research to evaluate accuracy and behavioral safety.
- API Integration & Workflow Testing:** Interacted directly with LLM API endpoints to evaluate model responses, testing complex logic chains and data workflows to ensure consistent, scalable outputs for automated business strategies.

LEADERSHIP & INVOLVEMENT

- Founder & Program Director, ESL Initiative (Argentina):** Launched an intensive two-week ESL program for 20+ local students, designing ad-hoc bilingual lesson plans. Strategizing for long-term continuation.
- Community Volunteer (El Negrito, Argentina):** Adapted to under-resourced living conditions in a remote 14-family village to restore local school infrastructure.
- Division 1 Track Athlete (Pepperdine University):** Dedicated 20+ hours/week to training and competition (Aug 2023 - May 2025) while maintaining high academic honors.
- Recording Artist (WAVES WORSHIP):** Co-wrote original music on Spotify (200,000+ streams and 2,000+ monthly listeners).

LANGUAGE PROFICIENCY: English (Native), Spanish (Relatively Fluent), Korean (Intermediate)
